Dear John,

The transcript of Frazier's N.O. testimony arrived today.

Many thanks!

I'll get to reading it as soon as I can, with a tape recorder at my elbow so I can make notes as I go.

I've been deep in writing.

I sure look forward to the other transcripts.

Although Thermofax copies poorly, with your permission I'd like to lend this around, to Paul Hoch and Gary and, if you do not have one for him, Dick.

Gary's war prevented his trip, if he hasn't written you, which is why you didn't see him. Add to Fisher: another of my friends wrote other members of the panel. The response was that they regarded Fisher as their spokesman, to write him!

Again thanks.

Sincerely,

Harold Weisberg
